

WHO ARE “MANDATED REPORTERS” OF ABUSE OR NEGLECT?

Mandated reporters include clergy, school employees, mental health practitioners, doctors, coaches, etc. **However, the Code of Conduct for the Archdiocese states that all Church Workers of the Archdiocese are mandatory reporters of abuse and neglect!** Reporting is critical. Not only is it required by law, but it is often the first step in our criminal justice system that enables law enforcement to stop the abuse and prosecute those responsible.

WHAT IS CHILD ABUSE AND NEGLECT?

Child(ren) or a Minor is generally understood under civil law to be a person under 18 years of age.

Child Abuse is any conduct that causes or attempts to cause an injury to a child's life or health; permits a child to be unreasonably placed in a situation that poses a threat of injury to the child's life or health; or engages in a continued pattern of conduct that results in malnourishment, lack of proper medical care, cruel punishment, mistreatment, or an accumulation of injuries to the child. Child abuse includes neglect and emotional abuse.

Child Pornography is a form of child sexual exploitation, and is defined under federal law as any visual depiction of sexually explicit conduct involving a minor. Images of Child Pornography are also referred to as child sexual abuse images. Federal law prohibits the production, distribution, importation, reception, or possession of any image of child pornography. A violation of federal child pornography law is a serious crime, and convicted offenders face severe statutory penalties.

Child Sexual Assault includes sexual molestation, sexual exploitation, or any other behavior, including the use of the internet or phone, by which an adult uses a child as an object of sexual gratification; and the commission of a sexual offense against a child as defined by civil or criminal law.
